

## Results of Purpose and Goal Review

### How close are we (Glenwood City School District) to achieving the mission of our Library Media and Technology Plan?

It is the mission of the Glenwood City School District to effectively integrate information and technology as a learning and information sharing tool to carry out these purposes:

		Purpose met	More work needed	I do not know	No Response
1	Provide an accessible learning environment to foster academic achievement and support students in meeting or exceeding the state standards	4	10	1	2
2	Empower staff to continually strive to use technology to foster student success	5	11	0	1
3	Develop information literacy to empower students to acquire the knowledge and skills needed to achieve academically and be productive citizens in a global society	1	12	0	2
4	Educate students to communicate effectively and express their ideas	1	13	0	3
5	Prepare students for success for post high school endeavors	1	13	0	3
6	Build communities and forge partnerships with families, business, and community members	1	11	1	4
7	Provide opportunities for staff development and training that enhance skill levels and support innovation	1	10	2	4
8	Promote student learning through district curricular initiatives which support the Common Core State Standards and Information & Technology Literacy Standards	1	11	1	4
9	Provide access to library media and technology resources to enhance learning for students, staff, and community	1	12	0	4

**Comments:** Change “strive” to require in #2  
 #6 – Bring businesses into school – e-mail events  
 All purposes need to continually be a focus and ongoing

## Results of Purpose and Goal Review

**How close are we (Glenwood City School District), to meeting the following goals?**

		Goal achieved	More work needed	I do not know	No Response
1	<b>Promote learning and creative expression throughout a global community.</b>		10		7
2	<b>Enhance student learning through the use of technological tools.</b> Comments: Change #2 to Enhance student learning through the use and access of technological tools, enhance/availability		10		7
3	<b>Demonstrate and take responsibility for the safe, legal, and ethical use of technology</b>	1	9		7
4	<b>District leaders commit to providing access, time, tools, and training for staff development and enrichment for community members.</b> Comments: Add students to #4, this goal needs to be explained more		9	1	7

Comments: Paperless

Amount of paper use

Survey community to find out how many do not have computers and/or access to internet

iPad camp – link with Community Ed. Scratch for app creation

We must continue to update all as technology changes

We need newer computers

Students need more chances to explore technology

Poll families to see how many do not have access to computers or internet

A goal is needed to “increase instructional practices through.....” pg. 7 of Loti Survey Results
