

GCE PTC MISSION:

The GCE Parent Teacher Connection is a group of parents, community members, and teachers working together to create a happy and healthy learning environment for our children.

GOALS:

1. Provide financial support and other resources to GCE's students.
2. Improve communication between parents, community, and staff.
3. Develop an inclusive network of support.
4. Enhance learning and fitness opportunities for the students of the Glenwood City School District.
5. Provide a safe environment for all who enter our doors.

**Glenwood City
Elementary School
Parent Teacher
Connection**

PTC is all of us – parents, teachers, staff, and administrators – working together to provide the best school and enrichment experiences for our children throughout the school year.

PTC – is all of us – we simply cannot do it without parent/family support. There are so many opportunities to get involved at school. Volunteering provides an excellent opportunity to become better acquainted with students, other parents, faculty and staff.

Meetings are held once a month, where we come together to share ideas, hear from school administration and teachers about curriculum, school events and happenings, and develop plans to support teaching and learning at **GCE!**

The PTC has supported our school by:

- Hosts Scholastic Book Fairs.
- Honors and thanks teachers /staff during National Teacher Appreciation Week.
- Supported student travel expenses for Destination Imagination competition.
- Funds GCE staff project grants.
- Supports classroom instruction by providing resources.
- Purchased and installed new playground equipment.
- Organizing and facilitating the Annual Holiday Family Fun Night.
- Provides scholarship given to a Glenwood City High School Senior annually.
- Facilitates student recognition opportunities.
