

Kindergarten Corner

Week of May 11th

Dear Families,

We are starting to talk about tens and ones in math. Please keep practicing the subtraction and addition flashcards. We have really enjoyed seeing your photos for the ABC Countdown so please keep sending those. We are missing everyone like crazy. If you have any questions please email your child's teacher.

The Kindergarten Team

	Day 1	Day 2	Day 3	Day 4	Day 5
Reading	Read the story, <i>The Wind Blew</i> , Here and name 5 characters in the story. Then draw 5 things the wind blew.	Read two books on Raz-Kids	Read the story, <i>The Rain Came Down</i> , Here and answer these questions— Why were the people so grumpy? What happened when the sun came out?	Snuggle up with a family member. Read a bunch of books	Read a Non-Fiction story called <i>How do you know it's Spring?</i> Here
Language Arts	Build sight words with whatever small objects you have at home. Pennies, cereal, Legos, playdough.	Make a list of words that rhyme with pet.	Retell the story <i>The Rain Came Down</i> . Who are the characters? What is the setting?	Go on a word hunt and circle all the words you can read on a page in the newspaper or magazine.	Pick 2 sight words. Play tic-tac-toe using sight words, instead of X's and O's. Play again using a different pair of words.
Writing	Write about something you did over the weekend.	With the list of words you made that rhyme with pet now write a sentence with two of your words. (Example: I will take my pet to the vet.)	Fix these sentences by writing them correctly on a piece of paper. * my Dog Is white * i love to pLay bAll *will yOu go to tHe park	Write two sentences about animals: The ____ can ____.	Write 2 facts you learned about Spring from the book.
Math	Making groups of ten video: Here **When done watching see how many groups of ten you can make with objects at home	I can describe a group of objects as 10 ones and ____ ones. Watch this video: Click Here	I can describe teen numbers in different ways. Watch this video: Click Here	Teen Numbers— Practice making teen numbers (11-19) by showing a group of 10 and 'some more.' Use items you have around the house such as coins, marshmallows, beads, legos, cars, pasta shells, etc.	Practice addition and subtraction flashcards. Click here for flashcards.

Science

[Click here for this week's science lesson.](#) This lesson is about the ways that animals are different.

I wanted to share a little reminder that if you're having moments of BIG feelings while we're all apart, that's pretty normal and okay! Don't forget about using your Mindfulness to help you out when that happens. I've put together a reminder about [Mindful Minute Practice](#) and also on how to make your own [Mindful Jar](#).
