

As a team we need to reflect on the mission and goals of our Library Media and Technology Plan. Please take a few minutes to evaluate our progress towards meeting the mission and goals of the plan.

How close are we (Glenwood City School District) to achieving the mission of our Library Media and Technology Plan?

It is the mission of the Glenwood City School District to effectively integrate information and technology as a learning and information sharing tool to carry out these purposes:

| | | | |
|--|-------------|------------------|---------------|
| Provide an accessible learning environment to foster academic achievement and support students in meeting or exceeding the state standards | Purpose met | More work needed | I do not know |
| Empower staff to continually strive to use technology to foster student success | Purpose met | More work needed | I do not know |
| Develop information literacy to empower students to acquire the knowledge and skills needed to achieve academically and be productive citizens in a global society | Purpose met | More work needed | I do not know |
| Educate students to communicate effectively and express their ideas | Purpose met | More work needed | I do not know |
